

VOTING TIME

... is here again and what can be said that hasn't already been said about the importance of each and every citizen speaking his piece through the ballot box?

Nothing much, for the words filled with wisdom, logic, patriotism, good sense, have all been said time and time again.

Voting is a personal thing, yet its importance reaches far beyond the immediate voter to encompass an entire nation and world.

Voting is between a man and his conscience (ladies, too, lest some LIB's call my hand), yet it carries with it the hopes of every human being living in the Free World.

Voting by one man or woman can be lost in a sea of uncertainty, yet combined with the votes of millions of other Americans it can form a formidable wall against tyranny and aggression.

Voting is important. But that importance must be determined by you, you and you. I can determine my own, but only you can form a conviction in your heart and mind that the core of responsibility carried by each citizen rests in the simple action of casting a ballot at election time.

HOW I VOTE

... should not matter to anyone else (and probably doesn't), but I want to explain one vote I am going to cast Tuesday.

I will cast a vote for Richard Nixon for president. In doing so I will vote for a Republican for the very first time in my life. Now, I know this sounds like I think Republicanism is bad, but 'taint really so. I have always been a Democrat because I have always firmly believed the party policies contained a little more feeling for the average American.

Let me make one thing perfectly clear (pun intended), I am not voting for Nixon because I completely approve of him. There are many things I still don't like about him and the cohorts he gathers around him to run our government.

But in voting for him, I do not think I will be deserting the Democratic Party. The Party deserted me when they nominated George McGovern for the Democratic candidate for president.

I personally do not believe George McGovern is fully qualified to be president of the United States. He scares me. And to support my feelings on this I point to his "mind-changing" tactics throughout the campaign--his statement that "Russia knows I am their friend, and I don't believe they will do anything to jeopardize that friendship"--his stated aims at reducing the defense budget to such a point that it will weaken our defense posture and make us play as low as "third fiddle" in the world military standings, thereby endangering our national security--his stand on granting amnesty to deserters.

I could go on and on covering the things on which I fail to agree with McGovern. I could go on and on covering the things on which I fail to agree with Nixon.

But I have been in agreement with Nixon on Vietnam. I am in agreement with him on our defense posture. And even though I feel his domestic economic policies leave a lot to be desired, I still believe they stand head and shoulders above any of the several different approaches advocated by McGovern.

But Vietnam and defense in themselves are enough to make me vote for Nixon in 1972. Then I can hope for 1976 the Democratic Party nominates a man who doesn't wake up in a different world every morning.

As for the rest of my voting ticket, I will go with the Democratic nominees, although some of them have made strong overtures to McGovern. However, their jobs (if they are elected) do not carry the vital importance of the presidency, so they cannot throw the world into catastrophic holocaust through their actions.

To those who disagree with me on this, I

Election interest expected to attract record turnout

Fever-pitched interest in the races for President, U.S. Senator and State Governor could well send more Medina County voters to the polls

Tuesday (November 7) than have ever voted in the history of the county.

Registration figures soared to 9,173 at deadline time on

October 6, a new record total for Medina County. And all indications point toward at least 60 percent of them going to the voting boxes

Tuesday and casting a ballot for the candidates of their choice.

Polls will open at 7 a.m. and close at 7 p.m.

The record breaking registration figure can be attributed in part to the 18 and 19-year olds; in part to the increased interest by Mexi-

can-Americans, partially because of the candidacy of George McGovern for president, and Ramsey Muntz for governor on the Raza Unida ticket and partially because of a greater interest in governmental affairs; and in part to a wider, concerned interest by all voters.

Speculation among the citizens of the county point toward the carrying of the county by Richard Nixon, John Tower, Dolph Briscoe, Jesse James and John Poerner. Tuesday voting will determine how accurate such speculation might be.

Announcement of the 21 ballot boxes, their location and election judge of each has been made by County Judge Jerome Decker. They include:

Pr. 1--N.E. Hondo, at Hondo Municipal Building, Bruno Schweers; Pr. 2--Quilhi, at School House, Mrs. L. J. Oefinger; Pr. 3--Dunlay, at ODHS Hall, Eric Haby.

Pr. 5--Rio Medina, at Milton Haby Bldg., Neil Johnson; Pr. 6--N. Castroville, at Legion Hall, Robert Burrell Jr.; Pr. 7--D'Hanis, at Fire House, Clemens Finiger.

Pr. 8--S. Castroville, at Hermann Sons Hall, Ward Boehme; Pr. 9--Natalia, at City Office (Fire Station), John C. Maney; Pr. 10--E. Devine, at Wilson Chevrolet, Melvin Rucker.

Pr. 11--N.W. Devine, at Devine Motors, M. W. Pressler; Pr. 12--Yancey, at Methodist Recreational Hall, Milton Fohn; Pr. 14--Biry, at School House, Mrs. Marvin Haass.

Pr. 15--LaCoste, at VFW Hall, John C. Biediger; Pr. 16--S.E. Hondo, at Fire House, V. H. Neumann; Pr. 17--N.W. Hondo, at the Ranch Store, Ferd Rock, Jr.

Pr. 19--S.W. Devine, at J. P. Office, George H. Briscoe; Pr. 20--Mico, at Mico Fire House, Alton Seekatz; Pr. 21--S.W. Hondo, at Jake Schuehle Ford, Edgar Stiegler.

Workshop planned in Uvalde

"Selling Your Cattle in the Seventies" is the theme of a beef cattle marketing clinic set for Monday, November 6, at Southwest Texas Junior College in Uvalde. The program is scheduled to get underway with a barbecue lunch on the SWTJC campus at 12 noon, according to Glenn Bragg, Medina County Extension Agent.

A panel of successful livestock industry people will discuss and demonstrate how the producer can realize more money from his cattle to show the feedlot performance of various grades and types of stocker and feeder calves. Each panel member will relate his experiences with the performance of types of cattle shown.

These men have had many years experience in producing, buying, feeding or handling of cattle. They are capable of identifying the types of cattle that have proven to be most profitable for the livestock producer, feedlot operator and the packer.

This clinic is being sponsored by the Texas Agricultural Extension Service in cooperation with Central Power and Light Company, First State Bank of Uvalde and Southwest Texas Junior College.

Policy change allows choice

Young men in the Medina County area should be interested in the latest policy change in draft status.

The Selective Service System has effected a major policy change which will permit men scheduled for induction to enlist or be appointed in the National Guard or Reserves after receipt of their induction orders.

This regulation change also will permit men to receive induction orders to join regular branches of the Armed Forces for a minimum of two years active duty, if such programs are offered.

The new policy is expected to stimulate recruiting for the National Guard and Reserve forces, which are estimated to be 40,000 below their authorized strength.

The new policy requires that men complete enlistment or appointment processing the Guard, Reserves or Regular forces at least 10 days prior to their scheduled induction dates.

Courthouse offices play musical chairs

Although only a few in number, the recent changes of office locations in the Medina County Courthouse have caused much consternation and just a little verbal outpouring in the last few weeks.

"The changes are absolutely necessary," County Judge Jerome Decker said in announcing them. "The Courthouse is crowded and space is difficult to find, so there has to be some switching around."

This switching brought about the moving of two offices and renting of space for them in the Fly Building on the corner of Avenue M and 17th Street; saw another office move across the street; and culminated in several changes inside the old courthouse structure.

Looking at the rundown given by Judge Decker the moves look something like this

But the Edwards Underground Water District came up with the plans for Site 11 to test the recharge idea. General Manager McDonald D. Weinert told the Texas Water Rights Commission in a hearing that a great deal of money had been poured into plans for a similar project to have been located on San Geronimo Creek on the Bandera-Medina County line, but local landowners backed away from it.

"I've been putting people off and they've been putting me off for three years," he

said about the San Geronimo Creek plan.

The Commission granted the district a permit to construct a 200-acre-foot reservoir on the Parker Creek, which is part of the Seco Creek Watershed, about 8.3 miles northeast of D'Hanis, and authorized the diversion of 520-acre feet of water annually to recharge the underground reservoir.

At the suggestion of its engineer, the Commission told Weinert that his district must install a gauging system at the reservoir site, so water officials can actually determine how much water from the reservoir can be recharged into the underground system which feeds several rivers in the Edwards Plateau.

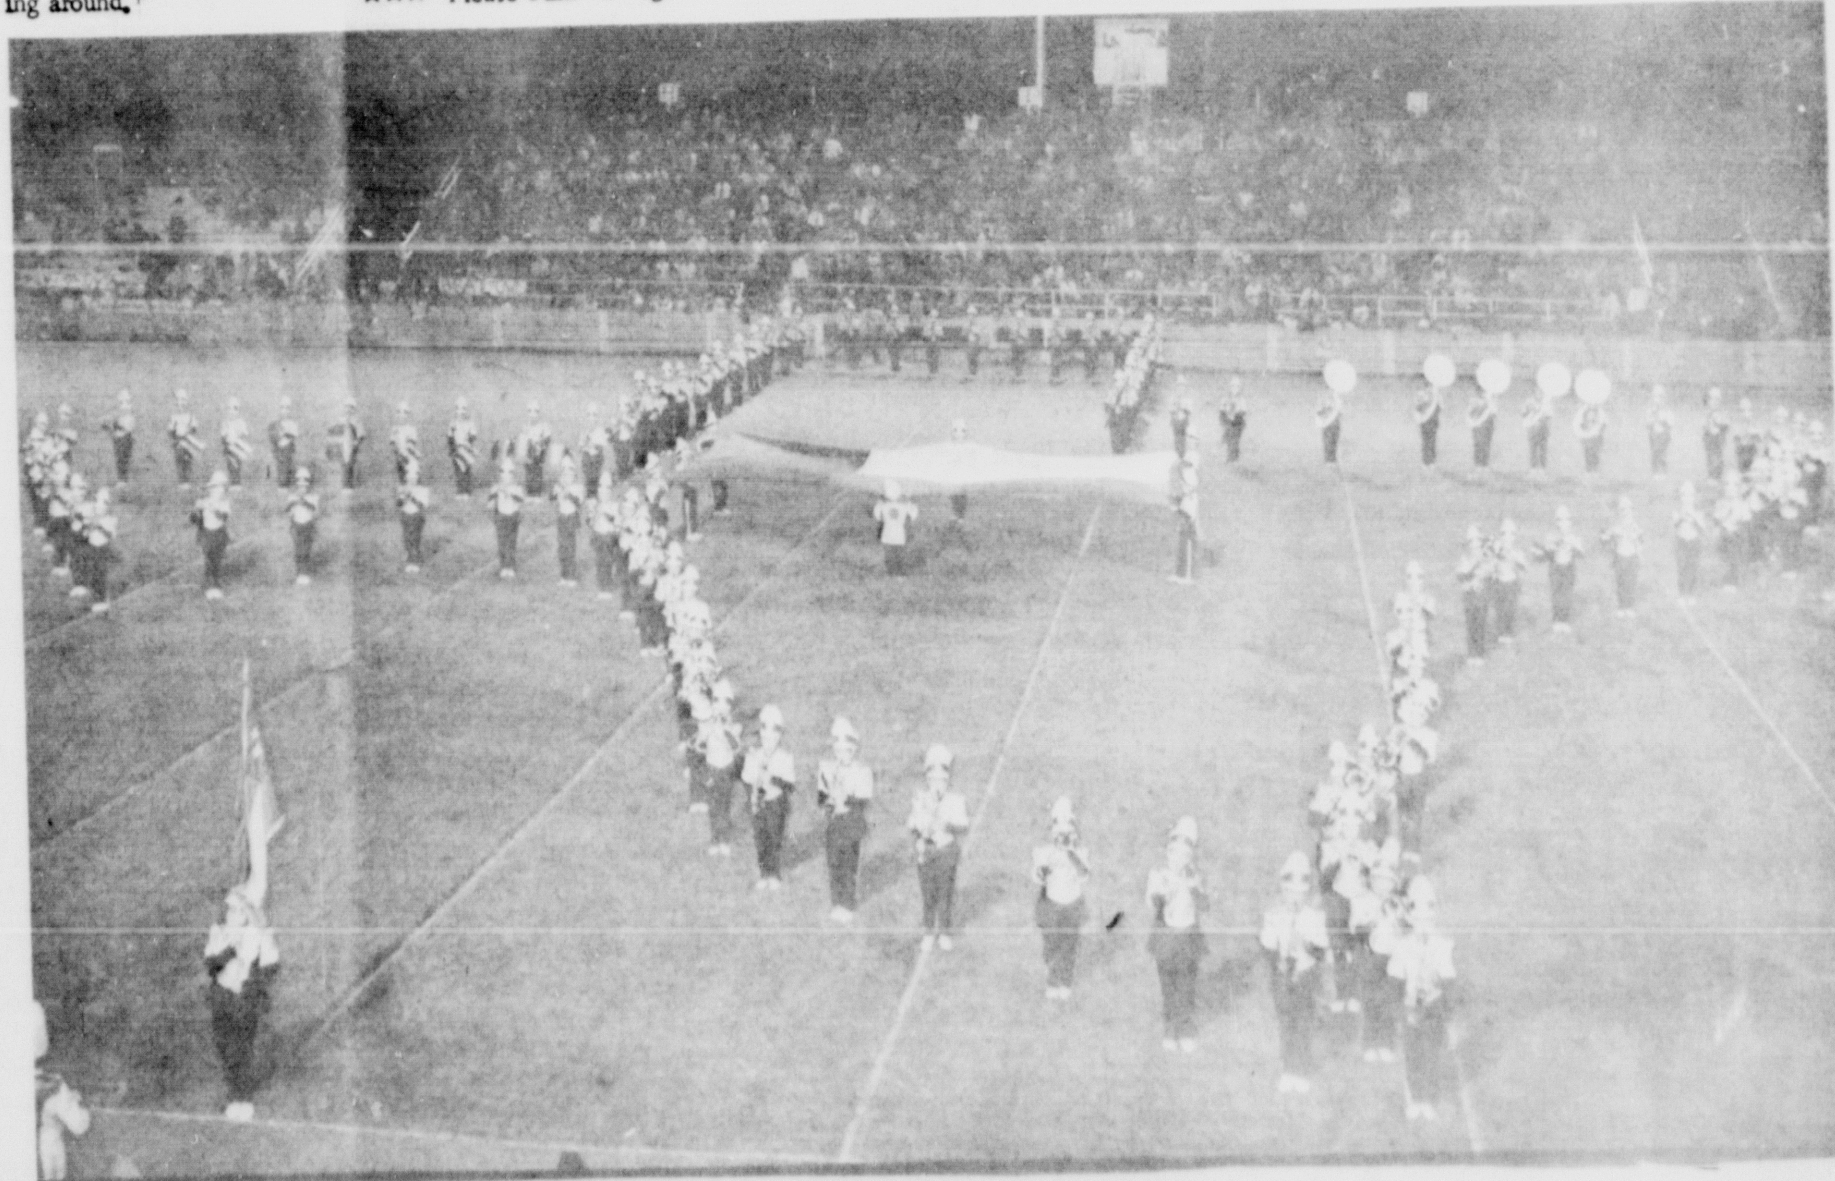

Weinert agreed, admitting

Open House planned at high school

Everybody likes to show off something new and the Hondo Independent School District is no exception.

That is why the Board of Trustees has authorized an Open House on the evening of Tuesday, November 14, so that the public can view the new wing, the Home Economics Building and the Vocational Agriculture building, as well as the entire high school.

The event will begin at 7:30 p.m. and all the public is invited to come by.

Selection of president highlights big election

The job of running the governments of this nation--state and federal--becomes more complex each day and the choice of leaders takes on added importance.

This choice must be made Tuesday, November 7 at the General Election polls. It is a choice of such vital concern to the entire world that every American should search his heart and mind before making a selection.

It is our opinion that on a national scale the United States cannot afford to elect George McGovern. His scatter-gun, "will-of-the-wisp" policies fail to meet the demanding requirements necessary to keep our country moving forward in this critical day and time.

We feel that a vote for Richard Nixon will be the vote to keep America on an even keel toward a greater future.

After that selection we recommend the marking of the Democratic column all the way down the line.

For Governor, the Anvil Herald still urges support for Dolph Briscoe. He is experienced; he is capable; he

is qualified. He offers a fresh approach to problem solutions. He offers the course Texans should take for the next two years.

On a more local level, we offer wholehearted support to Rep. John Poerner of Hondo in his quest for State Representative in District 45.

Poerner has provided quiet, strong leadership dictated by the need of his constituents. His experience is an investment that we cannot afford to discard. We predict he will provide a stronger, more productive representation with the confidence of re-election.

That these are our own personal recommendations should be made clear. There are those who will disagree. And this is as it should be. However, the one point on which we should all agree is the importance of each and every person going to the polls to vote.

Vote your choice. If your choice agrees with ours, we will be happy. If it does not agree, then we assure you we will give our full support to whoever fills the offices.

The Fillmore Chamber: Is now the time for subsidy?

FROM THE FILLMORE (CALIFORNIA) HERALD

Fillmore will have no exhibit in the Ventura County Fair this year. The reason, as given by the Chamber of Commerce which promotes the exhibit, is simply lack of time by the individual members who must volunteer their time to do the work.

Thinking back over the years, many events and activities which could have been Chamber supported have gone by the wayside due to this same reason, and likewise the Chamber has been criticized by a member of the local city council because it "hasn't been helping the businessmen" of Fillmore.

The criticism is valid. But the Chamber's excuse is valid also.

At present there is only one paid employee of the chamber, secretary Dorothy Haase. Although she does a Herculean task, she is only one person, hired parttime, to do specific tasks. It takes the majority of her time just to keep up with the running of the office and answering routine requests. Special activities (such as the Fair and business boosting) must fall in the hands of the volunteer board or not be done at all.

The board members have the same problems as any other businessmen in the community, and usually more so. They volunteer to serve on the board, and their interest in the Chamber grows out of their interest in business. They spend many hours working at their own establishments. How can they be expected to put Chamber business ahead of their own?

It is clear that a professional Chamber manager is needed to help Fillmore promote herself and keep up with the activities in which a Chamber is supposed to participate.

Again there is a problem: Money. With some exception, the entire chamber budget is used in the daily routine matters handled by the office, leaving little to pay a full time Chamber manager.

Other sources of revenue (than the annual festival and the member's dues) has to be found if the Chamber is to become an active force in the community.

This brings us to the topic of subsidy from the city. Although Chamber President Ruth Walker's feeling that the chamber should not accept large subsidy

from the city because of the strings which may come with it, may be valid. We feel that the Chamber performs a vital function for the entire community, and some of the support should come from the taxpayers.

The precedent is there. All other cities in the county support their Chambers with funding averaging from \$3,600 in Ojai to over \$25,000 in Thousand Oaks. Fillmore City Manager Wesley Nichols has repeatedly stated in the past that the vast majority of his time is spend screening new industry and commercial ventures for the community, a function that should be Chamber related.

Other activities that could be expanded include promotion of the city's retail facilities, working with planning commissions on new industrial and commercial centers for Fillmore, helping with the planning and construction of new parks, city beautification, not to mention the expanding of the festival and sponsorship of other community activities, just to name a few.

The actual dollar amount is something that should be worked out between the Chamber and the city, however, the return to the municipal coffers in the form of increased tax revenues should far outweigh the funds expended.

A volunteer chamber works well to a point. But in most cases the work falls unfairly on an overworked few. All people in the community benefit with few even pitching in with minimal support. It's time for a change!

COW POKES

AUSTIN--Rising welfare costs will demand another \$60.9 million increase in the state budget during the next two years, the State Board of Public Welfare concluded last week.

The Board also approved a budget request asking an additional \$71.1 million in federal matching funds for the 1974-75 biennium.

State Welfare Commissioner Raymond Vowell blamed the increase on congressional regulations and a two percent cut in the federal government's share of welfare program costs for Texas.

Welfare Board member Louis Sarazan of Corpus Christi also pointed to increases in medical care for welfare beneficiaries.

Even with the increase recommended, benefits would be cut at least temporarily next fall. State funds for welfare totaled \$212.5 million in 1972 and \$267.8 million in 1973.

The Texas constitution limits money actually paid to welfare recipients (not including medical assistance, operating costs, special services, food stamps, counseling, child care and job training) to \$80 million a year.

Voters last year rejected a proposal to remove state aid to the aged, blind and disabled from the ceiling.

If President Nixon signs the revised welfare reform bill, only aid to families with dependent children would be left under the state ceiling by Jan. 1, 1974. The federal government would assume the cost of aid to the aged, blind and disabled, although the states would administer programs until July 1, 1975.

The federal act, if signed, would also phase back into the medicaid program 19,000 old folks who lost their eligibility when social security benefits were raised October 1.

UNITARY PRIMARY URGED--Secretary of State Bob Bullock recommended unitary primary elections to replace the old system of separate primaries for Democrats and Republicans.

At the same time, the state chief election officer advised a Senate election law study committee that unless the legislature enacts new legislation next year there will be no laws on the

books for financing 1974 primaries.

Bullock estimated the state could save at least \$800,000 under the \$2.8 million spent on dual primaries this year if it uses the same polling places and officials for both major parties.

The Secretary recommended state and local officials, rather than county political party chairmen, be designated to hold primaries. He also urged re-evaluating the whole Texas Election Code's provisions on political advertising and campaign expense-financing reporting. He said the election could should be recodified.

ODOMETER ABUSES HIT--Fifteen hundred car dealer and leasing companies in Texas signed voluntary agreements not to "roll back" odometers (mileage indicators) on used cars in Texas, Atty. Gen. Crawford Martin said.

Earlier, the attorney general's Consumer Protection Division obtained 39 permanent injunctions against El Paso firms and individuals for turning back the odometers so used cars would seem to have "low mileage."

Martin claimed substantial progress in the odometer control era after the 1,500 who handle the bulk of used car business in Texas filed voluntary compliance assurances.

AG OPINIONS--In recent opinions, Atty. Gen. Crawford Martin concluded:

- County tax office motor vehicle license receipt records are public records and must be preserved for five years. They may be examined by interested persons, and telephone questions about them can be answered at discretion of the tax office.
- An act to abolish the Hutchinson County school superintendent's office is unconstitutional.

RURAL AID HEARINGS SET--Texas Industrial Commission will hold public hearings in four cities during November to determine which areas are eligible for industrial development aid under a new law.

Hearings will be held in Austin November 9, Big Spring November 14, Kingsville November 16 and Henderson November 21.

The program provided under the Texas Rural Development Act will help 230 non-profit industrial foundations

get up to 40 percent of cost of financing a new or expanding industry in rural areas.

REVENUE SHARING PLANNED--Gov. Preston Smith formed a council to plan for orderly administration of the new federal revenue sharing act.

The law provides an estimated \$244.5 million for Texas state and local governments during calendar year 1972. During its five-year life, Texas governments are expected to get \$1.3 billion. Local governments will receive \$163 million and state government \$81.5 million (estimated) in calendar 1972, \$185 million and \$92.4 million in calendar 1973.

SHORT SNORTS Secretary of State Bob Bullock estimated Texas voter registration will soar to an all-time high of 5.5 million this year, nearly two million above the previous record.

Town Hall meeting slated

A Town Hall meeting will be held Thursday, November 2, at 8 p.m. at St. Louis Parish Hall in Castroville.

The public is invited to attend. Information will be given on the amendments to be voted on Election Day and candidates are invited to speak.

GAINING IMPORTANCE

. . . in the time schedule of coming events is the Bicentennial Celebration planned in 1976 across the vast expanses of our wonderful country.

Some 24 Texas cities are well along with their plans to help celebrate the 200 years of freedom enjoyed by our Nation.

Rep. John Poerner attended a big Bicentennial observance in Austin the other day and afterwards penned me the following note:

"Dear Burnis, I was seated by Sam Kinch Sr. (he heads the Texas Bicentennial activities) at a dedication yesterday and he mentioned 'Hondo'. He would like one thing built to commemorate the Bicentennial.

"How about a large open-air Pavillion in the Hondo City Park that would accommodate plus 1,000 people? The present shelter is designed for food and would remain.

John"

The idea certainly is worth thinking about, considering the possibilities for use by local citizens as well as being attractive to out-of-town groups for gatherings.

CHESTER HEYEN

"I appreciate your patience even though mine is running out with my customers. I'll be in as soon as possible."

I told the writer of this note how much I appreciated the courage it took to write it. And it must take courage for this writer is the only one of the bunch owing us past due money who wrote to give a reason why or to mention the possibility of paying anytime.

Herman Ney passes away in hospital

Herman Joseph Ney, born to John and Theresa Zerr Ney on September 16, 1906 in D'Hanis, died on October 29th at Medina Memorial Hospital. Cardiovascular disease was the cause of death. He was the second of five children, all of whom, with the exception of one sister, Agnes, have predeceased him.

He was married on May 26, 1931 to the former Agnes Rothe. She survives him. He is also survived by five of their six children: daughters, Beatrice Koch of D'Hanis, Jo Ann Poerner of Hondo and Mary Gilhooly of Dallas; sons John of D'Hanis and Tom of San Antonio and their spouses. He is also survived by 14 grandchildren.

The Requiem Mass was celebrated by Reverend Victor Schmidtzyński in Holy

Cross Church in D'Hanis; the homily and eulogy was delivered by Reverend Robert Silverman. Burial was in Holy Cross Cemetery in D'Hanis; pallbearers included nephews Pat Ney, David and Jim Koch, Joe and Tony Langfeld and grandson Ronny Koch.

Herman J. Ney was a cattleman and farmer by profession; he was an activist by choice. He was involved all his life--long before it was the popular thing to do.

He was a charter member

of the D'Hanis Lions Club, and for 13 consecutive years, before failing health denied him the privilege, he held a record of perfect attendance at the twice monthly meetings.

He was enthusiastic about organizing the Volunteer Fire Department in D'Hanis and gave this group his time, his support and his donations.

For 17 of the 22 years that his children were enrolled in the D'Hanis schools, Herman was a member and officer of the school board.

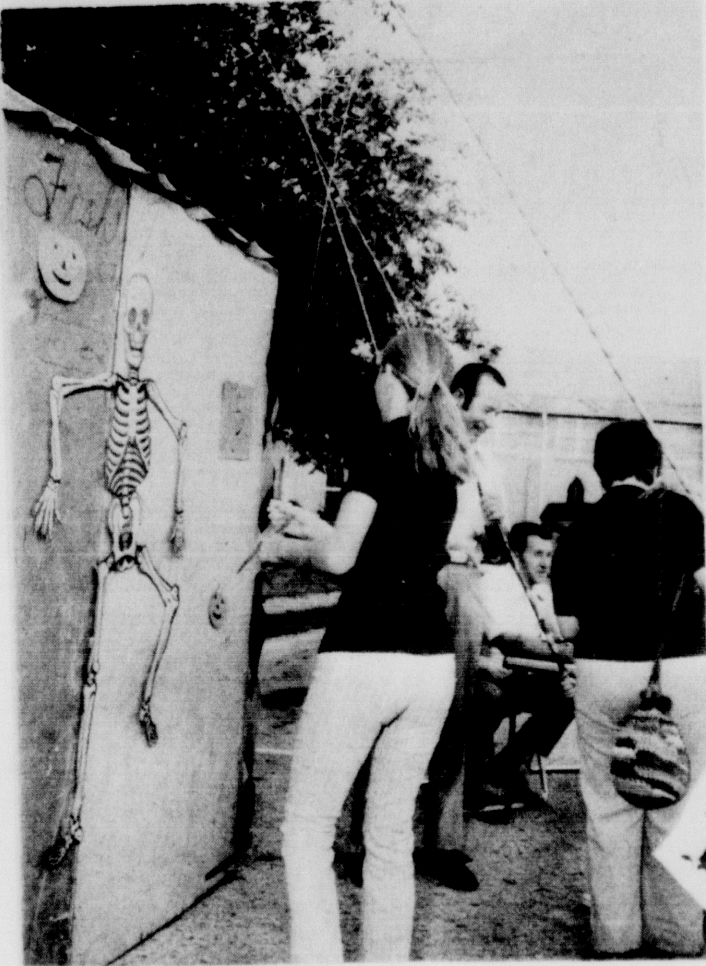

For eight years he served as a director of the Medina Electric Co-op. He was familiar to the voters of D'Hanis as a judge at the polling place for countless elections.

But best of all to those who knew Herman well, he was a gifted storyteller. Many a later afternoon, the back room of the Ice Station in D'Hanis resounded with the hoots, shouts and loud laughter as "Shorty" regaled the crowd with his version of the current topic of conversation.

Occasionally there would be sputterings and coughings as well; someone in the audience had not been aware of Herman's impeccable sense of timing and a listener would find that a sip of beer going down would meet a belly laugh coming up.

He took the ordinary everyday happenings of a small rural area and by adding dollops of humor brought laughter. In a troubled world, he made people laugh. Perhaps, this is the finest memory that he leaves.

Tonight D'Hanis is a little quieter.

ed the main portion of its office to a newly remodeled building west of the Courthouse on Avenue M. It will maintain a caretaker office in the spot previously occupied by Veterans Service Office Lawrence Rothe and Mrs. Billie Harlee.

Veterans Service Officer and Mrs. Harlee will move into the smaller of the two offices previously occupied by Medina Abstract on the northeast corner of the bottom floor.

County Clerk Henry Schulte will utilize the larger room vacated by the abstract office.

On the southwest side of the second floor, the two Texas Department of Public Welfare offices of Miss Mary Ruth Cameron (financial) and Mrs. Delma Tovar (social services) will move to the Fly Building where space is being rented. The Adoption Office (Mrs. Patricia Lawrence) of the Texas Department of Public Welfare will remain in its present location.

County School Superintendent C. F. Schweers will move into one part of the vacated Welfare office and the other part will be utilized as a caretaker office by a new abstract company moving to town.

Space vacated by Schweers adjoins the big office on the northwest corner of the second floor. These two offices will be occupied by County Attorney-elect Allen Lee for both his private and public office, as well as housing the County Law Library.

In occupying the space as a private office Lee will be responsible for renovating the office, providing furniture and equipment and any other "fixing up" he might want to do.

Lee will have a private secretary paid partly by the county and partly by him. The new 1973 budget allows about \$225 per month from county funds for the County Attorney's secretary. Any difference she makes will be paid by Lee.

Miss Weimers' residence was in Yancey, Texas and had lived in the nursing home two weeks at the time of her death on October 29, 1972. She was born to John C. and Antje Faseler Weimers on September 1, 1893 in Medina County. A member of the Methodist Church of Yancey she lived all her life in Medina County.

Surviving Miss Weimers is one sister, Miss Emma Weimers of Yancey, and one brother, Ernest T. Weimers, also of Yancey; nieces and nephews.

Officiating at the service was Rev. L. S. Dubberly, minister of New Fountain and Yancey Methodist churches. Interment was in New Fountain Cemetery.

Pallbearers were Calvin Oeffinger, Alton Oeffinger, Norman Clark, James Ducote, Fielding Weimers and Stanley Weimers.

Arrangements were handled by Guinn-Horger Funeral Home of Hondo.

MAURICE ANGLY IS THE CANDIDATE FOR STATE TREASURER WHO HAS POINTED OUT JESSE JAMES' ROLE IN THE SHARPSTOWN SCANDAL.

The State Auditor's Report shows that Jesse James, the State Treasurer, parked more than \$10 million in the Sharpstown Bank. James left \$4 million idle in a Sharpstown checking account for over two years, earning absolutely no interest.

The tax payers of Texas, through state deposits placed by Jesse James, bankrolled the wheeling and dealing of Frank Sharp.

SINCE 1967 MAURICE ANGLY HAS BEEN A HARD WORKING EFFECTIVE LEGISLATOR WHO EARNED BI-PARTISAN SUPPORT. MAURICE ANGLY PLEDGES TO RUN THE TREASURER'S OFFICE AS A PUBLIC TRUST FOR ALL OF THE TAXPAYERS OF TEXAS. HE WON'T PLAY FAVORITES AS JAMES HAS DONE FOR YEARS IN PLACING THE STATE DEPOSITS.

Let's finish the job.

Double ring rites unite Muennink & Mechler

Wedding vows were exchanged between Miss Rita Ann Muennink and Lindy Leon Mechler in a double-ring ceremony performed by Rev. L. S. Dubberly and Father Larry Steubing at New Fountain Methodist Church Saturday evening, September 30, 1972.

The bride, given in marriage by her father, wore a traditional white gown with fitted bodice accented by empire waistline. Cathedral train was edged with re-embroidered lace. Lace was also around the neck, sleeves and formed four rows on lower portion of gown. Her headdress was an illusion veil attached to scalloped crown. She also wore a heart necklace, a gift from the groom. She carried a spring bouquet accented by pink mums.

Maid of honor was Miss Marcella Schuchart. Misses Brenda Schuchart, Ginger Conrad and Vickie Biediger served as bridesmaids. Junior bridesmaid was Miss Laurie Mechler, sister of the groom. The bride's niece, Miss Kathi Beard of Hondo, was flower girl.

The bride's attendants were attired in hot pink

crepe long dresses trimmed in silver. In their hair were small individual pink mums. The carried mixed bouquets of pink flowers.

Bob Mechler served as best man. Groomsmen were John Tondre, Gary Craig, Johnny Haegelin and Gary Mechler. Ushers were Dean Schneider and Alan Muennink.

Following the ceremony, a reception was held at the Quithi Gun Club. Miss Janet Haegelin of San Antonio presided at the guest book.

Misses Connie Saathoff, Beverly Muennink, Charlene Tondre and Mrs. Glenn Muennink served.

The rehearsal supper was held at the New Fountain Educational Building.

Parents of the bride are Mr. and Mrs. Marion Muennink of Hondo and the bridegroom's parents are Mr. and Mrs. Leon Mechler of San Antonio.

After their honeymoon trip to Arlington, Texas the newlyweds are now making their home in the vicinity of LaCoste.

This week

All she wrote

by Edna McDade

As you read these paragraphs, November will have arrived. As I write them, October's bright blue weather is putting on a final show for the year and I am reluctant to let go.

This time last year I was reveling in the glory that is Autumn along the Canadian border, a real thrill to me as it was my first eye-witness experience in seeing outdoor technicolor "wholesale".

I am not overlooking the beauty that the Hill Country, the Sabinal Canyon and the hills and valleys of Medina County can provide. And I know that what is sometimes called our "treeless" Texas has over 200 species of native trees covering some 26 million acres. Also, we can boast of the only remaining palm forest, "Southmost", on the Rabb Plantation, where Texas extends several miles into Mexico.

Poetic descriptions of Autumn include "Season of mists and mellow fruitfulness" (Keats) and "Some of us call it Autumn, And others call it God" (W. H. Carruth, Each in His Own Tongue).

Probably some of the same families of geese that I saw headed south last October were among those I have been seeing V-lining it for the warmer Texas coast. I watched as they flew overhead and could hear the sound of their wings in flight but not a whisper as to exactly where they planned to anchor during what we call winter here.

Rattlesnakes continue to kike to have their pictures in the ANVIL HERALD, but it is always their last public appearance. I'm sure Mrs. MARVIN SPROTT was pleased to dispatch the 42-inch-er shown last week.

So far, no rattlesnakes at our address but some tarantulas came crawling across the patio one evening and were summarily dispatched. Some say they are harmless but they are visitors I can do without.

Just when I was wondering how to go about getting a copy of the one and 1/6 dozen (14) Constitutional Amendments we must do something about, the ANVIL HERALD arrived with arguments for and against included.

Now I'll be all set to make the required X's come Nov. 7th.

A Buck's wood range was standard equipment in kitchens when I was a lot younger than I ever have been since. But, until read the full-page (circa 1905) page one ad of the long ago Schmitt & Steinhart general store that once occupied the E. R. Leinweber building, I did not know that Buck's also made sewing machines.

"Finely finished and beautifully ornamented and fully guaranteed", they sold for \$25 to \$35 dollars.

Wonder if there might be one of these still in use in Medina County? Or perhaps one might be taking up attic space and willing to transfer location to our Medina County Museum. It's a thought!

Next door to the local TEXAS GOLD savings stamp building here is a church which had this sign on its outdoor bulletin board last week: "Redemption Center-No stamps required, no tax."

Among winter visitors whooping it up in Nueces County are some 18 earlybird whooping cranes, now at the Aransas National Wildlife Refuge, Austwell.

They arrived a bit early this year and, if they followed their usual flight path, they came all the way from Canada, via North & South Dakota, Nebraska, Oklahoma and so to Texas.

They know a good place to spend the winter!

IKE KNOWLES' 3-meal squash reminded me of the prolific squash grown by "green-thumbed" friend, HELENE WOLLSCHLAEGER, who has turned the grounds of the Seventh Day Adventist Mission into a real garden spot.

She counted the seed (one by one) in a large squash her crop produced and reported a total of something over 700. Helene is most generous with her garden produce and seed and distributes both freely. I have renamed her "Helene Squashseed" --not to be confused with Johnny Applesseed.

A state candidate, running for a senatorial post, says he has to work eight days a week to get all his campaigning done.

I seem to be working at least 9 or 10 days a week now, trying to accomplish what used to require only 5 or 6 days a week!

So, be of good cheer, Mr. Barefoot Sanders!

Credit rating plays big role in a family's life

BY GAYE BIPPERT
Medina County Extension Agent

Credit rating often plays an important role in a family's life--thus, false or inaccurate reports in some credit bureau files can be tragic.

Mrs. Gaye Bippert, county Extension Agent, explained that a mistaken report can lead to several complications of denials.

"If a person is denied credit, insurance or employment because of a bad credit rating, the Fair Credit Reporting Act, effective since April 1971, might be able to help.

"If a poor rating is the reason for denial, the law states the person must receive the name and address of the credit bureau or any reporting agency that made the report," Mrs. Bippert continued.

After receiving the name and address of the credit bureau that released the credit rating, the person can contact them.

The bureau must reveal free of charge anything it has in its files about the individual except medical records. Except for the reports on character and morals, it must disclose the sources of information.

If questionable information is on file, the person may request credit bureau reinvestigation of the matter and deletion of information that cannot be verified. "And where there's a dispute, he can add a 100-word counterclaim to the file," the agent added.

If false information has been distributed, the person involved can request the credit bureau to send notices of correction to all who have received the report within the past six months.

Mrs. Bippert pointed out that a person may want to know what his report says, even if there hasn't been a problem. According to the law, he has the right to this information--the credit bureau must disclose the information if requested. A fee may be charged by some credit reporting agencies.

"If interested in your credit rating, check it out with a personal visit to the local credit bureau," the agent suggested.

An Electric Clothes Dryer Means Less Work for You!

A clean, flameless electric clothes dryer means less work and more free time for you! It cuts down on muscle-straining laundry work. No lifting and lugging heavy baskets of wet clothes outside to the clothesline. You can even throw those clothespins away!

Your flame-free, efficient electric dryer cuts down on ironing work, too. Many pieces are ready to fold and put away right from the dryer. Another great advantage of clean, essential electricity.

See your appliance dealer about the labor-saving healthy benefits of an automatic electric clothes dryer. It saves you steps, time and strength. That's part of the "good life" of clean electric power!

Lorene Tschirhart writes about African tour

Mrs. Lorene Tschirhart of Dunlay was part of a three-week Texas Farm Bureau Africa Tour, beginning September 14. Her story of the experience follows.

"We left Dallas via American Airlines September 14 at 12:45 p.m., arriving at Kennedy Airport, New York City, at 4:30 a.m. We left New York at 6:45 p.m. and rode a T.W.A. 747, arriving in London at 6:30 a.m. the next day.

"It was 9 a.m. before we arrived at our hotel. Most of us were too tired to do anything but go to bed until

lunch and then get ourselves ready for the long night ahead. It was 8:30 p.m. before we left London for Entebbe, Uganda, via Eastern Airways, and the sun was past up when we arrived. Entebbe customs agents checked us for everything we might have had or didn't have and we had to tell them how much cash and Traveler's checks each of us carried. This was unexpected, so 25 Texans went to work counting. Finally, to our beautiful hotel in Kampala about 9 o'clock and breakfast.

"All of us were starved,

as we hadn't eaten since 10 p.m. the night before, on the plane.

"All went to bed again until lunch and the afternoon tour of the city which was very interesting. The next day we drove to Murchison Folk Park, to spend two nights. We had several game doves, and took a boat ride up the Nile River.

"The guide estimated a view of about 1000 Hippos in the water. Other wild game around the edge. And the falls were very beautiful viewed from the boat. Uganda is a very beautiful

green country with vast untapped mineral resources, and can grow about anything.

"Cotton, coffee, sisal, peanuts, cocoa and tea. I understand the U.S. buys some of Uganda's coffee which is quite good (though one could cut it with a knife, so all of us had to have hot water to water it down).

"There is new industrial growth. Steel, glass, textiles, drugs and sugar. The sugar is light tan, coarse-grained, and very sweet, and one knows right off nothing has been added to it. "We visited with Mr.

Freeman, Agriculture Official in Kenya. He said he had been told Uganda was 'going to Hell on a boat' and we really believe him. They stopped our cars and inspected us seven times before we got to the airport, and we had to wait 6-1/2 hours for a plane from Nairobi, Kenya to come for us.

Our regular 2:30 flight had been cancelled. We were the second last tour to get out, and never was I so glad to get in the air. We just had to sit and wait for we knew not what, and armed men everywhere we looked.

Three different tribes trying to get control, and neither one has the know-how to do the country any good. We were treated nice except having our wits scared out of us that last day.

Kenya is slightly smaller than Texas, and 75% in agriculture and supplies most of East Africa with its food,

and exports 800,000 pounds of meat. It also exports coffee, tea, sisal and wood. Some industries are matches, soap, beer and petroleum-refining.

Mr. Freeman told us this had been the first time the tourist trade had brought in more money than their coffee. We also buy coffee from them, which I don't think tastes as good as Uganda's coffee.

Mr. Freeman arranged for us to visit a large pineapple plantation, operated by Del Monte. They have 10,000 acres, 5,000 in pineapple and 5,000 in coffee. They're developing 7,000 acres to put in pineapple.

It takes three years to grow them. They export a lot to Europe. Have a labor force of 15,000, paid .50¢ a day or more as they work. Have three Americans and three English.

Our game-run out of Nairobi was one of the best. We also stayed in the world-renowned Treetops Hotel, and watched the game come for salt and water.

Tanzania . . . A lot of the land is arid like Kenya. We saw large fields of sisal, which is Tanzania's chief crop. This is a large century-type of plant, and the fiber is used for making rugs.

They also grow tea, coffee, sugar, tobacco, beans and corn. However, they call corn "maize" and I ordered maize pancakes at the Nairobi Hilton, and they were quite tasty.

LITTLE ANGEL

. . . seemed to find "earthly" things more interesting than the rest of the carnival Saturday.

We saw Serengeti National Park, Ngorongoro Crater, and stayed at lovely Lake Manyara and made a game-run at the Park. This is where one is supposed to see the lions asleep in trees, though we did not see any in trees.

Rhodesia . . . This is a very pretty up-and-coming country.

Never have I seen people so eager to please or anxious for outside information. They took us into their homes and treated us royally. Rhodesia is getting along well with their black people. Their housing in Salisbury looks neat and orderly, and they have good schools. The parents are encouraged to send children to school. They can go to free clinics and get free "pills" if they will take them.

There is a beer industry in Salisbury, controlled by black people; and all profit from the beer (which is made out of bananas, if one can imagine such a thing) goes back to them. I understand this banana beer is very nourishing, though none of us had the wish to try it.

Rhodesia is the second largest industrial country in Africa. Rhodesia's mining industry produces 34 different metals, and a variety of precious stones.

They export tobacco and raise sugar, tea, cotton and maize (corn).

Their Minister of Information, Mr. Tony Tanser, came to our hotel to meet me and bring some reading material. He only met a few of the group, as most were eating lunch. We then

visited beautiful Victoria Falls.

South Africa is the world's largest producer of gold. There are also other minerals including uranium and they are a leading supplier of diamonds.

They have a variety of other industries.

They have a lot of farm land, and grow cotton, corn and tobacco. They also grow a large variety of fruit.

Merino sheep are raised in the plateau country and South Africa is the third largest producer of wool in the world.

The people are very friendly and there, too, one sees how they are working for the betterment of their black people. We visited a mine compound in Johannesburg, and saw some Bantu tribes dance.

Ethiopia . . . We saw very little of this countryside as we just had 1 1/2 day's tour in Addis Ababa.

The city is nice with large hotels. This is an agricultural country, and one sees fields everywhere one looks out of a plane window. They grow coffee, cereal, and oil seeds. Also, sheep, cattle and a type of Spanish goats. Ethiopian mineral resources are just being explored and there is big game hunting year-round.

We flew to Rome October 4. Some of us had planned a short bus tour for the afternoon, but when we arrived, busboys and porters were on strike, so we had to pack all our luggage right out of the plane to and through the airport out the other side where we had a private bus waiting for us.

Why You Should Re-Elect President Richard Nixon Nov. 7

LET'S LOOK At AGRICULTURE And STOCK RAISING

WE HAVE one of the most abundant supplies of food in history. Our exports of livestock, fresh meats, grain sorghums and grain are going to add many dollars to the general economy.

WE'RE SELLING COMMODITIES of which we've had surpluses—and we're helping provide jobs on trucks and ships at the same time.

HERE ARE SOME OF THE REASONS

PRESIDENT NIXON'S AGRICULTURAL ACT OF 1970 gave producers more flexibility and freedom in operations.

PRESIDENT NIXON'S ADMINISTRATION has turned around the farm situation that saw farmers get an increase in income of 6 per cent between 1951 and 1969 while wage rates went up 6 per cent every year.

PRESIDENT NIXON gave agriculture one of the most effective spokesmen in recent history by appointment of Earl Butz as Secretary of Agriculture.

Why we need to keep John Tower in the United States Senate

Bi-partisan representation in the U.S. Senate has proved best for Texas.

Our state is better served by having a Senator from each major party. This assures us bi-partisan support for bills important to Texas.

During his first eight years in the Senate, John Tower worked well with two Democratic Administrations. Yet, he has been especially effective since the Nixon Administration took office in early 1969. He has access to the White House, enjoys a close personal relationship with the President and effectively deals with the top administrators of every agency in the federal government.

Since it appears virtually certain Richard Nixon will be re-elected, it's essential that we keep John Tower in the United States Senate. His influence is vital to Texas.

We urge you to join us in supporting Senator John Tower.

Let's keep John Tower... a proven, effective leader in the U.S. Senate.

NEED

PRESIDENT

A vote for the McGovern-Shriver Ticket
will be a vote for the real America
we all want

Ask yourself these questions or study these facts:

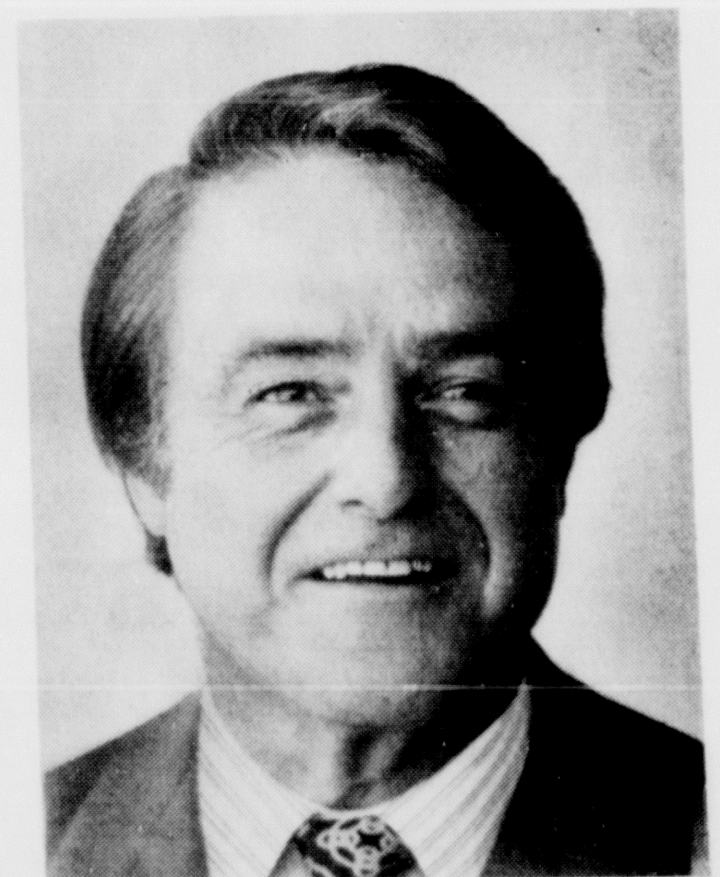

- ★ **Do the people of this country want to vote for Nixon after the grain deal with Russia?** The exporters, because of advanced information, made hundreds of millions of dollars that rightfully belong to the farmers. Think about this. This grain was financed by the World Bank, which is the taxpayers money of the United States loaned to Russia. Also, China is receiving wheat through Japan. This is a slap at the hard working farmers-- the backbone of our country.
- ★ **Our national debt has increased beyond belief in the last four years.** Nixon is trying to blame Congress with this. One of our Senators from Texas states in writing that they appropriated twenty-four billion less than Nixon requested.
- ★ **In the last four years...** the working people's taxes have increased approximately 30%, while big business has declined 2%. Is this special interests?
- ★ **The Watergate Scandal is typical of this administration.** If this administration which Nixon is responsible for would stoop to these kind of tactics, what would he do to you? Why was court trial of this investigation postponed until after election?
- ★ **Why wasn't the I.T.T. scandal investigated and explained to the voters immediately?**
- ★ **Why did the Attorney General resign?** Who was, at the time of his resignation, head dog in the reelection campaign of the incumbent Nixon?
- ★ **How about the statement made by Nixon that if he had not stopped the war in Vietnam in four years, he didn't deserve another term?** And remember, 20,000 Americans paid the price! Nixon is now frantically trying to get a cease fire. If he had been this concerned four years ago, we would have saved these men plus about 70 billion dollars. Can you trust a man like this? I think not.
- ★ **What about the tremendous increase in the use of drugs in our Schools?** Has the laxity in control of drugs in Vietnam been responsible for such conditions?
- ★ **Voters of all ages, don't we want a country as free from corruption as we can possibly have it?** A country where we can gather with our neighbors in the churches of our choice? Worship our God as our conscience dictates? Trust and help our neighbors? Raise our children to respect our government and to claim honesty as a virtue? If you want these things, now is the time to say so by going to the polls and voting for George McGovern for President of the United States.

Where you see the TRA Emblem

A business dedicated exclusively to producing and applying liquid fertilizers is Leon's Seed and Fertilizer, Inc.

They can provide any analysis of fertilizer and apply it in any amount per acre, thanks to an application rig which Leon and his three associates, Justin Jungmann, Milton Tschirhart, and Mike Perales, designed and built themselves.

Built around a Dodge truck chassis, the rig can cover 35 acres per hour on special flotation tires for diminished soil compaction. Out of the twin booms

sprays a 50' swath of fertilizer, marked at both ends with dye markers to prevent skips and overlaps.

Around Castroville, and as far away as La Verne, the rig has been used for small grains—oats and wheat, coastal bermuda, and for stubble-treating corn and milo to speed stalk deterioration.

For row crops, the nozzles are made to fit 36" rows. Leon's has been in business in Castroville for 12 years now, and they still serve their customers' fertilizer needs quickly and efficiently.

Better GOVERNMENT VOTE FOR AMENDMENT 1 AND AMENDMENT 11

AMENDMENT ONE RAISES LEGISLATIVE PAY TO \$8,400 ANNUALLY.

AMENDMENT 11 RAISES SALARIES OF SPEAKER OF THE HOUSE OF REPRESENTATIVES AND THE LIEUTENANT GOVERNOR TO \$22,500 ANNUALLY

Here are some reasons why:

- ★ More pay means more independence from special interest lobbying
- ★ Pressures from outside employment will be reduced
- ★ The extra cost is only a few cents a year to each Texan
- ★ Low pay keeps many qualified persons from becoming candidates

Texans pay their Legislators far less than other states of equal, and even less, population.

The Texas State Teachers Association has gone on record endorsing these two Amendments.

Therefore, we urge Medina County residents to vote for

Library News

The first Fall meeting of the Board of Trustees of Hondo Public Library was held Tuesday night, October 17, at the library with Mrs. Sally Brucka, chairman, presiding. Present were Mrs. Nancy Buescher, Mrs. Virginia Clift, Martin Noonan, Mrs. Lottie Maw, librarian, and Mrs. Ina Mansell, secretary.

A. D. Patterson, president of Friends of the Library, reported to the Board on present and future activities of the Friends. Board members discussed the application for a State grant, which is being processed by the State Library Board.

Mrs. Maw advised the meeting that the library now has on its shelves 9,460 books. This total does not include the extensive collection of paperbacks. Her report also showed that 5,488 books and magazines had been issued to readers from June 30 to October 6, 1972, and that 4,511 Hondoans are now members of the library.

Board members expressed their deep appreciation for the steady growth of the library and for the many donations of books from its readers who have contributed so much to this growth.

As a memorial to George M. Bendele, Mrs. Maureen Kay Bendele of E. Grand Forks, Minn., has given the library over 20 books, including "The Lost City", John Gunther; "Youngblood Hawke", Herman Wouk; "Armageddon", Leon Uris; "The Reivers", William Faulkner and "Report of the County Chairman", James Michener.

Among the 90 books donated by Mr. and Mrs. William F. Wallace, Jr. of Corpus Christi are short stories from the New Yorker magazine, J. D. Salinger's "Catcher in the Rye", "Animals of East Africa" by Louis Leakey and "Outdoor Life

Cyclopedia". This donation also included many paperbacks.

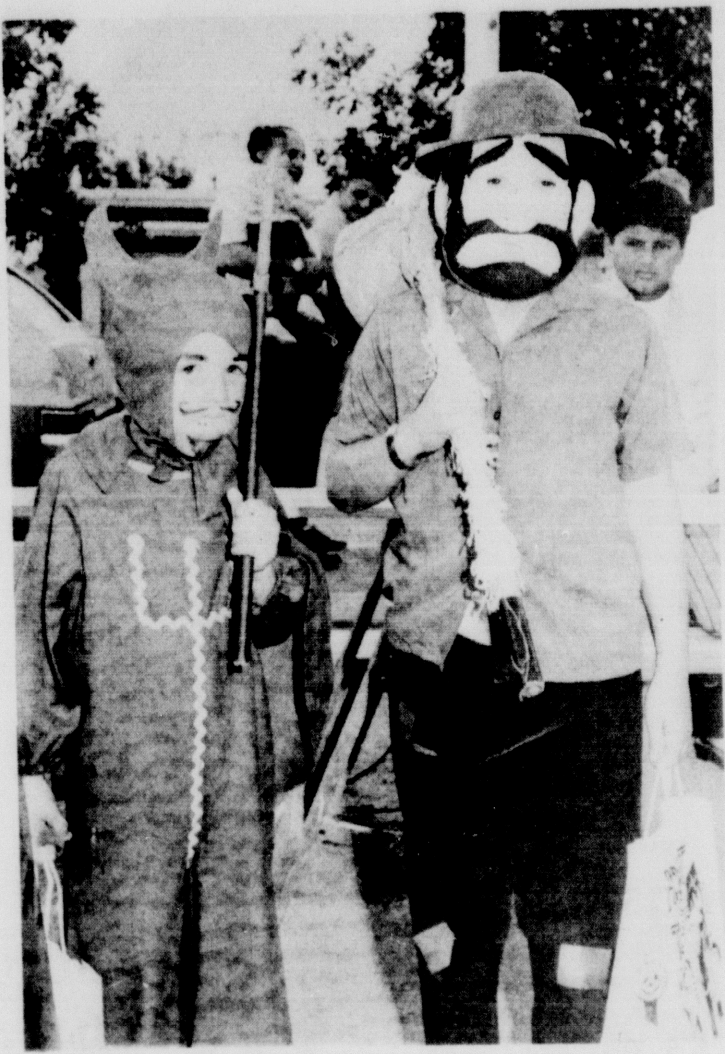

Mr. and Mrs. Jesus Martinez of Laredo have added to our readers' pleasure with a gift of over 30 books. A portion of these are the Readers Digest Condensed Books for the years 1967-1971 and Dr. Tom Dooley's "Three Great Books".

Terri Spiker has given the library 12 "Easy" books for our young readers, among which are "Old Black Witch" by Wendie and Harry Devlin, "Abraham Lincoln" by Clara L. Judson, "The First Thanksgiving" by Lou Rogers, "Our Country's Flag" by Nicholas Georgiady and Louis Romano and "When the Drum Sang" by Anne Rockwell. Mrs. Ann Spiker also presented several books.

Picture and junior books were donated by Mrs. E. W. Everts. Carye McGarity gave us the new book "Madame" by Patrick O'Higgins, which is a biography of Helena Rubinstein. Also available to readers is the new Double Day Book Club Selection, "The Chandra Heritage" by Ben Haast.

Paperbacks and magazines were received from Mrs. Norman Buescher and Mrs. Dewey R. Verona. Other paperbacks came in from Mrs. Gladys Lindeburg and George Deckert, and there is also the latest volume of Readers Digest Condensed Books.

Many interesting magazines have been given the library by Inez Short, Mrs. H. Wallachlager, Mr. and Mrs. Adolph Lutz, Lil Porter, the Paul Reilly family, Mrs. George Bendele and Mrs. O. M. Redus, who also gave us a lovely Fall floral arrangement.

PRIZE WINNERS

... at the Halloween Carnival are these two pint-sized haunts. Playing the part of Lucifer is Mark John Zerr, son of Mr. and Mrs. John Zerr. The hobo is really Reggie Rodriguez, son of Mr. and Mrs. Ernest Rodriguez.

A number of much-needed classics have been contributed by Virginia Clift. Among the authors in this group are Hawthorne, Cooper, Thackeray, Poe, Irving and other early writers of American and English literature. The library needs many more books in this category and hope our members will assist

us in obtaining them. Mrs. Maw again reminds readers that overdue books they have not returned are needed and wanted by other readers. No fee is charged for late-returned books at this time. Use the bookdrop if you are unable to come by the library during regular hours.

Election chief takes spotlight

Robert L. Johnson of Dallas has been the most popular man in Texas politics on the night of every state or national election since 1937.

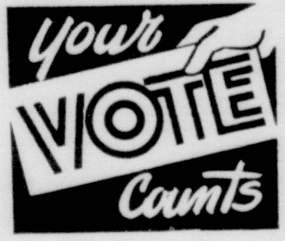

Since then he has served as chief of the nationally famous Texas Election Bureau and is always the first to know exactly how each major political race is faring. In Sunday's Texas Star, Dave Ellison reports on the TEB and how it gained its reputation for speed and accuracy in vote-gathering and tabulation.

Only a handful of old signs and symbols of rural America remain as reminders of a life style long gone but still warmly cherished. These symbols serve as subjects for the paintings of Texas artist Ancel Nunn. In this week's Star, Jack K. Seldon, Jr. relates Nunn's efforts to chron-

icle an era in American history by the medium of art.

Introduced Sunday in the Star is a humor column by Cactus Pryor, a well-known Texas humorist, after-dinner speaker, writer and radio-television personality. Cactus confides his shortcomings in the column entitled, "Where I've Failed".

Gordon Fulcher encourages Texans to show their power at the election polls in Sunday's Star Comment, and Star Hostess Mary Faulk Kooch provides readers with recipes to prepare for "election eatings".

Counties set Deer, Quail Seasons

AUSTIN--Commissioners' orders in 23 Texas counties recently acted on Parks and

Wildlife Department recommendations for the 1972-73 deer, turkey, quail, javelina and squirrel seasons and in Lamb County for quail season only.

In all 23 counties, a Nov. 18, 1972 - Jan. 1, 1973, deer season was approved.

Deer bag limits vary.

Three deer, no more than two bucks, all antlerless deer must be tagged with doe permits: Bandera, Dimmit, Frio, Kerr, Kendall, Kimble, Kinney, Medina, Reagan, Real, San Saba and Zavala counties.

Three deer of either sex, no more than two bucks, all antlerless deer must be tagged with special antlerless deer tags: Crockett, Edwards, Hays, Lampasas, Menard, Schleicher, Sutton, Val Verde and Uvalde Counties.

Two quail seasons were

approved by the courts.

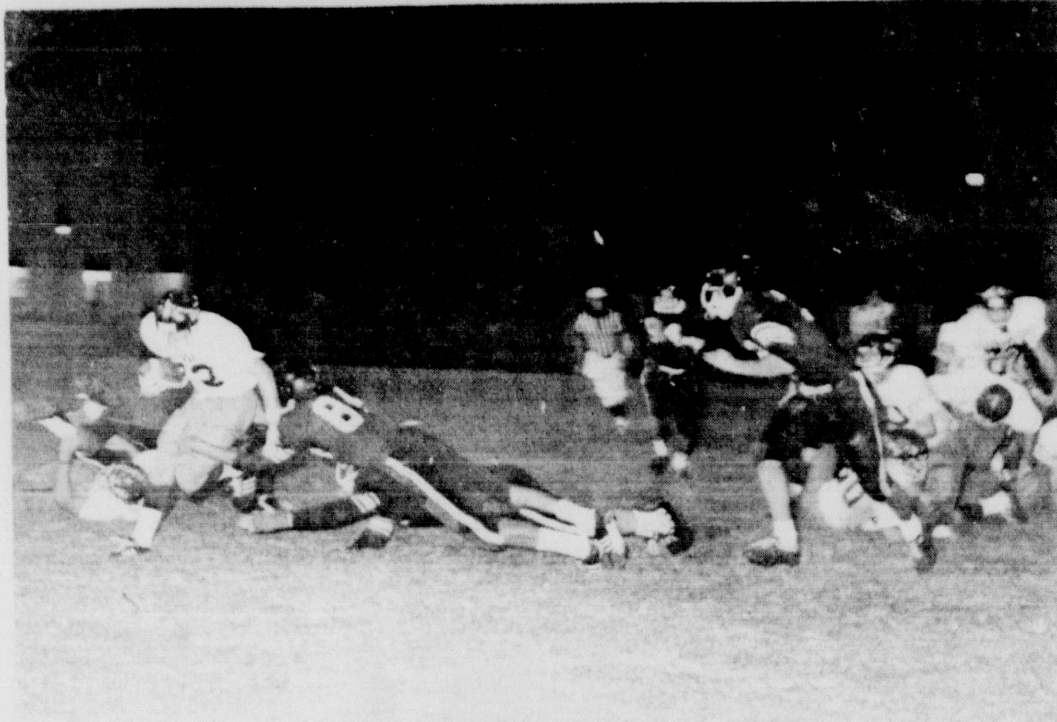

The earliest season will be Nov. 18, 1972 - Jan. 31, 1973, with a bag of 12 and possession of 36 birds in Dimmit, Frio, Kinney, Medina, Uvalde and Zavala counties.

Two turkey gobblers or bearded hens: Dimmit, Edwards, Hays, Kendall, Kimble, Kinney, Lampasas, Medina, San Saba, Uvalde and Zavala counties.

There is no closed season and no bag limit on javelina in Bandera, Dimmit, Crockett, Edwards, Frio, Hays, Kendall, Kerr, Kimble, Kinney, Lampasas, Medina, Menard, Real, San Saba, Schleicher, Sutton, Val Verde and Uvalde counties.

A Nov. 18, 1972 - Jan. 1, 1973, turkey season was approved in those counties open to turkey hunting.

Turkey bag limits vary. Three gobblers or bearded hens may be taken in Frio County.

Randall Kendrick finds he has plenty of company in his own backfield. Ray Garcia is the first to hit him.

Warhorses take Freshmen, B's

Hondo teams dropped a pair to Devine football teams in Thursday night action at Devine. The wins by the Warhorse Freshmen and "B" Teams reversed early season losses to Hondo.

A missed extra point conversion was the difference as the Devine Freshmen posted a 7-6 win over the Hondo Freshmen. The Owls trailed Devine 7-0 when they scored on a 15-yard David Knowles-to-George Loera pass, but failed on the two-point conversion. The Freshmen Owls

also fumbled once on the Devine one-yard line.

The Devine "B" Team used a 32-yard pass-play and a recovered fumble to post a 15-10 win over the Hondo "B" Team. The lone Hondo touchdown came on a pass by Mike Groff to Gordy Bohmfalk. Robert Rodriguez kicked a 37-yard field goal for the other Owl score.

Both the "B" squad and Freshmen travel to Fredericksburg next week to again face teams they beat in the first meeting.

28-AA Action

The title action seemed to come to a head Friday night. Devine took a close decision over the Owls, 21-20 as everybody knows. What not everybody may know is that dark-horse undefeated Pearsall spent the evening whitewashing Cotulla 35-0.

So the title race is a two-way tie now, between the Mavs and Warhorses. Hanging in there with a 49-0 shellacking of Carrizo Springs was the team that started it all, Medina Valley. The

Orangemen stand with a single district defeat.

Dilley took the evening off.

Friday night, another round of eliminations comes around. Pearsall entertains Medina Valley, and there might just be decided the Championship.

Hondo ventures to Carrizo Springs to try to score 21-plus points.

Cotulla will travel to Dilley, and Devine will take a much-deserved rest.

Sight-in days at Gun Club

Sighting-In Days on November 4, 5, 11, and 12 at the Rifle Range west of the Airbase are set by Medina County Gun Club. Benches, sandbags, targets, spotting scopes, and help from experienced hunters will be there from 1 p.m. to dark all four days, so hunters can sight in their rifles for deer season.

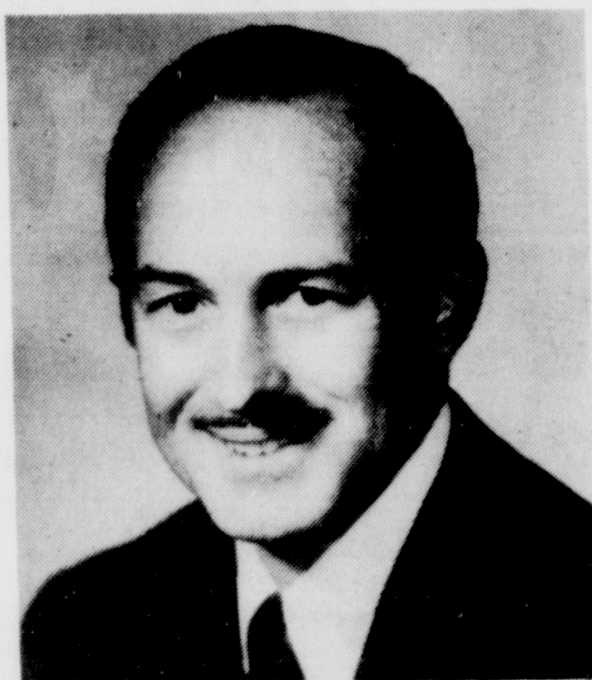

The Gun Club's monthly meeting will be at 7:30 p.m. Monday, November 6 at the indoor range west of the Golf Course. Discussion will cover Sight-In Day, a turkey shoot, and formation of a junior club.

You do have a choice! Write in JOHN SCHMITZ

...American Party candidate for President of the United States.

JOHN SCHMITZ . . . CONSTITUTIONIST

- The FEDERAL COURTS didn't want you to have a choice!
- The GOVERNOR OF TEXAS didn't want you to have a choice!
- RICHARD NIXON didn't want you to have a choice!

Yes, it is true that only socialist presidential candidates are listed on the ballot in Texas.

The international socialists have tried to destroy the true opposition party (THE AMERICAN PARTY) that stands for free enterprise and the United States Constitution:

- FIRST** the international socialists were behind S.D.S. member Arthur Bremer's attempted assassination of Gov. George Wallace, founder of the American Party.
- SECONDLY** they spent thousands of dollars at the Louisville convention to prevent the American Party from nominating anyone.
- THIRD** they exerted tremendous political pressures to keep the American Party off the ballot in as many states as possible.
- FOURTH** their controlled national news media clamped an unbelievable "blackout" on John Schmitz so that you wouldn't even know who he is.

Please stand on principle...

Do not vote for the lesser of evils as the international socialists would have you do. If you do, you will perpetuate a system that denied you a choice in the first place. This year you can help establish a permanent non-socialist opposition party nationally and in Texas.

The AMERICAN PARTY PLATFORM is easily summarized:

FOREIGN PLANK — Never get into a war that you don't intend to win!

DOMESTIC PLANK — Those who work should live better than those who won't!

Do YOU agree with these statements?

IMPORTANT: If American Party candidates are to be on the ballot in 1974 and 1976, we must get the Texas Election Code law changed, or get 2% of the vote for our candidate for governor, Homer Fikes, on November 7. Remember, if GEORGE WALLACE had been physically able to be our candidate, HIS NAME WOULD NOT HAVE BEEN ON THE BALLOT IN TEXAS THIS YEAR!

Loans to buy land ... or for other needs

Sure, your Land Bank makes loans to buy farms and ranches. But most borrowers now use the Land Bank for other purposes: To refinance debt, build or remodel a home, improve buildings or land, even money for education. So whether you're buying land or need additional capital from present equity, investigate the Land Bank. With over 20 loan plans, we probably can meet your particular loan needs.

Devine rally nips Owls 21-20

There is no joy in Mudville. The Owls have been bounced out of their lofty perch by a nightmarish second half against the Devine Warhorses last Friday night.

The Owls, who needed a convincing victory over Devine to stay in the fight for the district championship, were one point shy of the magic 15-point margin by halftime, with a strong 14-0 lead.

But the Warhorses played their entire game in the second half, while the Owls saved all their mistakes for the same half. When the dust was cleared, (after it was raised by a Devine 97-yard scoring drive), all it took was an extra point kick to boot the 'Horses into strong championship contention. Robert Hundley gave Devine the kick, and with 1:45 left, the Owls were out of luck and winning margins, 21-20.

The game started as a defensive tilt, with neither team able to mount a long drive. Hondo crossed midfield just as the first quarter ended, reaching the Warhorse 31-yard line before a fumble was taken by the alert Devine defense.

For their part, the Owls forced a fumble and two interceptions by Brian Finger before the half was over. Devine crossed midfield only once by a single yard, and even then had to punt.

First blood was drawn by Hondo shortly before the half. Working from their own 15, the Owls relied on a 50-yard scrambling pass from Finger to Doug Helvey, and a 23-yard run by Keith Ligon to reach the Warhorse 7-yard line. From there, in another carry, Ligon crossed the goal line. Going for a two-point conversion, Finger looked to pass, then saw the goal and headed for it, getting the points. Score with 1:26 left in the half, 8-0, Hondo.

Devine came back with a 21-yard Paul Jette pass from their own 30, to Robert Hundley. From the Owl 48, Jette threw again, but this time, Brian Finger waited at the Hondo 10 and took the pass over his shoulder.

Back in business with seven seconds left in the half, Finger handed off to Ligon, who ran off and left the Warhorses, 82 yards to his second touchdown.

The two-point conversion pass was complete, but out of the end zone.

The first half ended with Hondo shutting out Devine 14-0.

But after the break the fire-up Warhorses turned the contest inside out.

The Owls took the kickoff at their 22 and Tony Hackbeil moved the ball out four yards. But the next play saw the ball squirt loose, and on the bottom were Rocky White and Robert Hundley of the Warhorses, at the Hondo 25. Two plays later, Randall Kendrick began the Devine rally with a 20-yard touch-

down run. Hundley kicked the first of his three conversions of the night, and less than two minutes into the second half, the scoreboard read 14-7.

Minutes later Ray Garcia stole a Jette pass at Devine's 36-yard line.

Ligon took the Finger handoff on Hondo's next play, and lofted the halfback option pass to Doug Helvey, who went the distance. Ligon could not cross the line for the conversion, however, and Hondo led 20-7 with 7:47 left in the quarter.

Devine's Ken Allen took a punt from the Hondo 9 near midfield, and returned it to the 28.

From there, Kendrick took the ball two plays later and scored from 24 yards out.

The kick was good, and the score was 20-14, near the end of the quarter.

Early in the fourth period, Hondo was stopped on their own 28, with fourth down. Finger went back to punt, and when the ball stopped the officials marked it down on the Devine 3-yard line—a boot of more than 70 yards.

From there, however came the back-breaking, time-consuming drive that decided the game. Jette, relying heavily on runs by Kendrick and Paul Smith, drove the ball in short gains for the length of the field. The final yard came on a plunge by Kendrick with less than two minutes left in the game. With the kick, Devine took their first lead of the night, 21-20.

The Owls took the kickoff to their own 33-yard line. From there, the very first play saw the ball get away again, into the arms of a Devine defender.

The clock ran out quickly, and Devine took home a stunning 21-20 victory. The Owls absorbed their second straight loss by that margin.

Ligon gains some tough yards up the middle.

Owls are still looking ahead

The Great District Championship Race of 1972 has passed up the Hondo Owls.

The margin of statistical elimination is two points, after the 21-20 loss to Devine last Friday, said Head Coach James Bohls.

From here on out, the race appears to be among Devine, Pearsall and Medina Valley.

It is one of the hazards of scheduling that when the real title contenders are played early in the season, the final few games seem to lose much of their importance. Especially three straight road games.

But each game is viewed by the Hondo Owls as a contest of athletic excellence, sportsmanship, and competitive spirit. When all the ratings and championship hopes disappear, this is what remains, and this is why the Owls will go to Carrizo Springs Friday night.

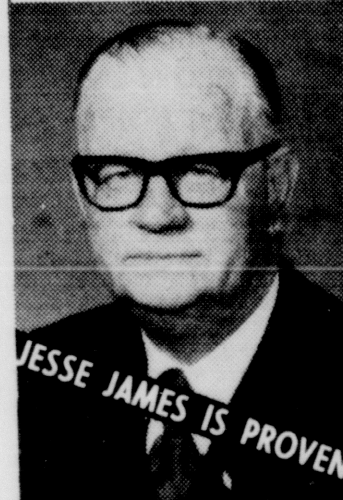

It should have been the major reason why thousands of cheering fans have appeared at each contest up to the present. Whether the fans possess the same character of competition and sportsmanship remains to be seen. It will be seen in the numbers and spirits of the fans who will journey away from home Friday night to Carrizo Springs and later to Pearsall and Dilley.

The Carrizo Springs Wildcats have no illusions about titles this year. They have not won a single district game, having tied once with Cotulla. But they do have strong feelings about Hondo, since the Owls defeated them 36-6 one year ago.

They operate from a wishbone-type offense, relying on the power running of Charlie Brown, a talented fullback. On defense, they seem to prefer a 5-2 setup.

**if it's important,
type it on a
ROYAL 970**

Letters. Reports. Memos. If you write them, they're important. If they're typed on a new Royal 970, they'll look as important as they really are.

Because the Royal 970 is crafted to produce nothing but executive quality printwork. So everything your secretary types looks important, commands attention.

In fact, with a 970 on her desk, your secretary will feel more important. Because her typing work will look better. And with all of its automatic features, the 970 will make her job easier . . . she'll probably even get your correspondence back on your desk a little faster.

Let your secretary feel important for a while. Call the number below, and we'll gladly bring a new Royal 970 electric to your office for a free demonstration. It could be an important call.

Reverend Franklin Pullin, A. L. Simmons and Weldon Simmons from Katy met Reverend Hardy R. Denham from Newton, Mississippi, at the air port in San Antonio Monday. Reverend Denham, former pastor of the Natalia Baptist Church from June 1957 until January 1960, is guest speaker for the revival at the church from Monday evening, Oct. 23, through the following Sunday night.

Mrs. Amy Lois Kirby returned home Wednesday after having visited since Monday with her daughter, Mrs. Lonnie (Barbara) Williams, who had surgery at All Saints Episcopal Hospital in Fort Worth. Mrs. Kirby is now employed in Lytle. She and Mr. and Mrs. W. D. Suggs now of San Antonio, were guests at the Natalia Baptist Church Monday night.

Earnest E. Browning, who fell and injured his head while doing chores at his feed lot, was recently released from Methodist Hospital to convalesce at his home.

Mrs. Ruby Tilley, Rio Hondo, arrived Friday night and visited until Sunday morning dividing time with her father, Ed Ouzts, and her sisters and families, the Wyllie F. Gardners and the Ollie Bassetts in Devine.

Mr. and Mrs. Luciano Pena, Mrs. A. J. Saldana, Mrs. Johnnie Velasquez and Arthur Navarro attended Mass Sunday morning at Chapel Number 8 at Lackland AFB in San Antonio where they were met by the Penas' son, Louie Pena, who is in basic training there. Arthur remained for the day with Pena.

Mrs. Fred Barham spent several days in San Antonio the past week to visit her sister and brother-in-law, the Fred Behrens, who are patients at a rest home at 1939 Bandera Road.

Mrs. Claude M. Shaw, Miss Leona Vance and Mrs. C. V. Kerr visited Mrs. Sam A. Wheeler at Wilford Hall Hospital Tuesday afternoon. Mrs. Wheeler is convalescing from hip surgery.

Mr. and Mrs. A. L. Simmons returned home Sunday night after having visited a week with their son and family, Mr. and Mrs. Wayland Simmons, Cassie and Michael in Paris, Texas. Mrs. Simmons was convalescing from a tonsillectomy.

Mr. and Mrs. L. F. Sulstunfuss had as their guest for the day Friday, their grandson, Leslie L. Teague, Jr., San Antonio.

Mr. and Mrs. Iven W. Thompson enjoyed the day Sunday at Moore where they were met by T/Sgt. and Mrs. James Holbrook, Diana Stoney and Susie, Lytle, at the home of Mr. and Mrs. Charlie Rilling.

Mr. and Mrs. Lon Fulton have as their house guests, Mr. and Mrs. Earl Smith from Blum, who spend the weekends in San Antonio visiting relatives.

Donald Allison went to San Antonio Saturday afternoon to attend the circus at Joe Freeman Coliseum.

Mr. and Mrs. Ralph Kunz, Patti Jo and Mr. and Mrs. Harold Thigpen, Baytown, came Friday night for the weekend and divided time with their parents, Mr. and Mrs. M. N. Smith and Mr. and Mrs. Erwin J. Kunz, in San Antonio. The Smiths' daughters, son-in-law, and grandchildren, Mrs. Lola Sisley and Susie, San Antonio, Mr. and Mrs. H. L. Bradley, Mrs. Frank J. Gunn, Mrs. Sharon Graue, Houston, Brenda and Alan Graue, the Jack Bradleys and the Donald Bradleys enjoyed a fish fry at the Smith home Saturday evening.

Mrs. R. E. (Haughty) White, who was a patient in the Southeast Baptist Hospital, was transferred back to the Rest Haven Nursing Home in Lytle Friday.

Buck Whiteside, who suffered a severe heart attack early Saturday morning, is still in intensive care at Santa Rosa Hospital.

HV NEEDLE CLUB

The Happy Valley Needle Club met Wednesday afternoon, October 18, at 2 p.m. at the home of Mrs. E. Moffett in Devine. Mrs. Frank Neuman presided.

Five members answered roll call. Mrs. John L. Kempf called the roll and read the minutes of the previous meeting.

A social hour was enjoyed and refreshments were served by the hostess.

The next meeting will be on Wednesday afternoon, Nov. 1, at 2:00 at the home of Mrs. Arthur W. Bongers.

Mrs. Sharon Graue, Houston, arrived Friday night and visited until Monday afternoon with her parents, Mr. and Mrs. Frank J. Gunn, and her children, Brenda and Alan who make their home with their grandparents, the Gunns.

Mrs. B. J. Musick and Billy John Jr., San Antonio, came out Saturday for the day with her parents, Mr. and Mrs. Douglas W. Caldwell.
